Online Giving Instructions (continued)

How does your Fundraising page work?

Each ticket holder (or online guest) will receive a link (via email) to their own personal fundraising page. Your fundraising page is a resource for you to sell tickets, collect donations and spread the word about our event. We'll keep score and see who can make the biggest impact on our community.

Step 1: Click “Purchase Tickets” or “Join Online Event,” fill in your information and submit.

Step 2: Check your email and click the link to your personal fundraising page.

Step 3: Click update photo to link your Facebook profile picture to your page.

Step 4: Copy and paste the link to your page and share it via Facebook, Twitter or email to get the word out! When someone donates to your page, you get credit. When someone clicks on your link, you get a social point. The more credit and/or points you have, the better chance you have to win one of the fabulous prizes. The more you share, the more you support the mission of (name of organization.)
